Physician Foundation Adds Prominent San Rafael Pediatric Group

(San Francisco, November 1, 2008)—Physician Foundation at California Pacific Medical Center (PFCPMC) announced today that San Rafael Pediatrics, a prominent Marin County pediatric practice, has joined its membership to provide primary care pediatric services.

“We are pleased to offer residents of Marin County pediatric services and to partner with this practice, which has a very favorable, long-standing reputation within their community,” said Morris Flaum, M.D., MBA, chief executive officer of Physician Foundation at California Pacific Medical Center.

Pediatricians Albert Goldberg, M.D., Cindy Greenberg, M.D., Camille Brown, M.D. and Stacy Drasen, M.D. will join the Physician Foundation as part of this partnership, bringing its physician membership to more than 110.

“Our patients will benefit from the network of specialists and ancillary services available through the Physician Foundation, while continuing to benefit from the personalized care our team offers,” said Albert Goldberg, M.D.

Physician Foundation at California Pacific Medical Center. Beyond Medicine.

Physician Foundation at California Pacific Medical Center is a not-for-profit medical foundation affiliated with Sutter Health that provides clinical care, research and education. With a membership of more than 110 doctors representing primary and specialty care, the Physician Foundation provides care to more than 20 communities in Northern California and Nevada.
